## **DETAILED ACTION**

### ***Amendment***

1. Receipt is acknowledged of the amendment filed on November 18, 2009. Currently  
5 claims 21-48 remain in the examination.

### ***Allowable Subject Matter***

2. Claims 21-48 are allowed.

3. The following is the Examiner's statement of reasons for allowance: The claims are  
10 directed at a method for ensuring the colorimetric quality of a document. The method includes  
following step which translates control range, theoretical reference value, acceptable tolerance  
range, and information relating to the conditions for measuring the reference values and  
tolerance into an identifier. The method further incorporates the identifier into the document and  
reading the identifier for comparing actual values to see if they are within the tolerance range and  
15 make a determination based on comparison. Such a method is neither disclosed nor suggested by  
the cited references. The spectrophotometer for performing such method is also allowable.  
Previously issued 35 USC 112 issues have been resolved, placing the claims in allowable form.

Any comments considered necessary by applicant must be submitted no later than the  
payment of the issue fee and, to avoid processing delays, should preferably accompany the issue  
20 fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for  
Allowance."
